## Post Results Services Information for students SUMMER 2023

### Review of Results & Access to Scripts Information Examined May/June 2023

#### Review of Results

The awarding bodies operate a Review of Marking procedure for the checking or reviewing of written examination papers after results have been issued. Any queries must be made via the school. The awarding bodies will not engage in correspondence with individual candidates or their parents/guardians.

Applications for the checking or review of marking must be made immediately after the publication of results for the summer 2023 series.

It is not possible to make applications for units taken in a previous examination series. The awarding body will provide written notification to the school of the outcome of the checking or review of marking.

This information will be passed to you as soon as possible via your school Hwb email address (for Year 12) or a personal email (Year 13). Please refer to the subsequent sheet, which gives detailed information on each service available to you.

#### Grade Changes

In cases where a clerical check or review of marking reveals inaccurate marking or a clerical error, marks and grades for units may be confirmed, lowered or raised.

Please note that by signing and submitting a consent form you are aware of the possible outcomes, (grades/marks may be lowered, raised or confirmed), and consent to the application.

#### Charges

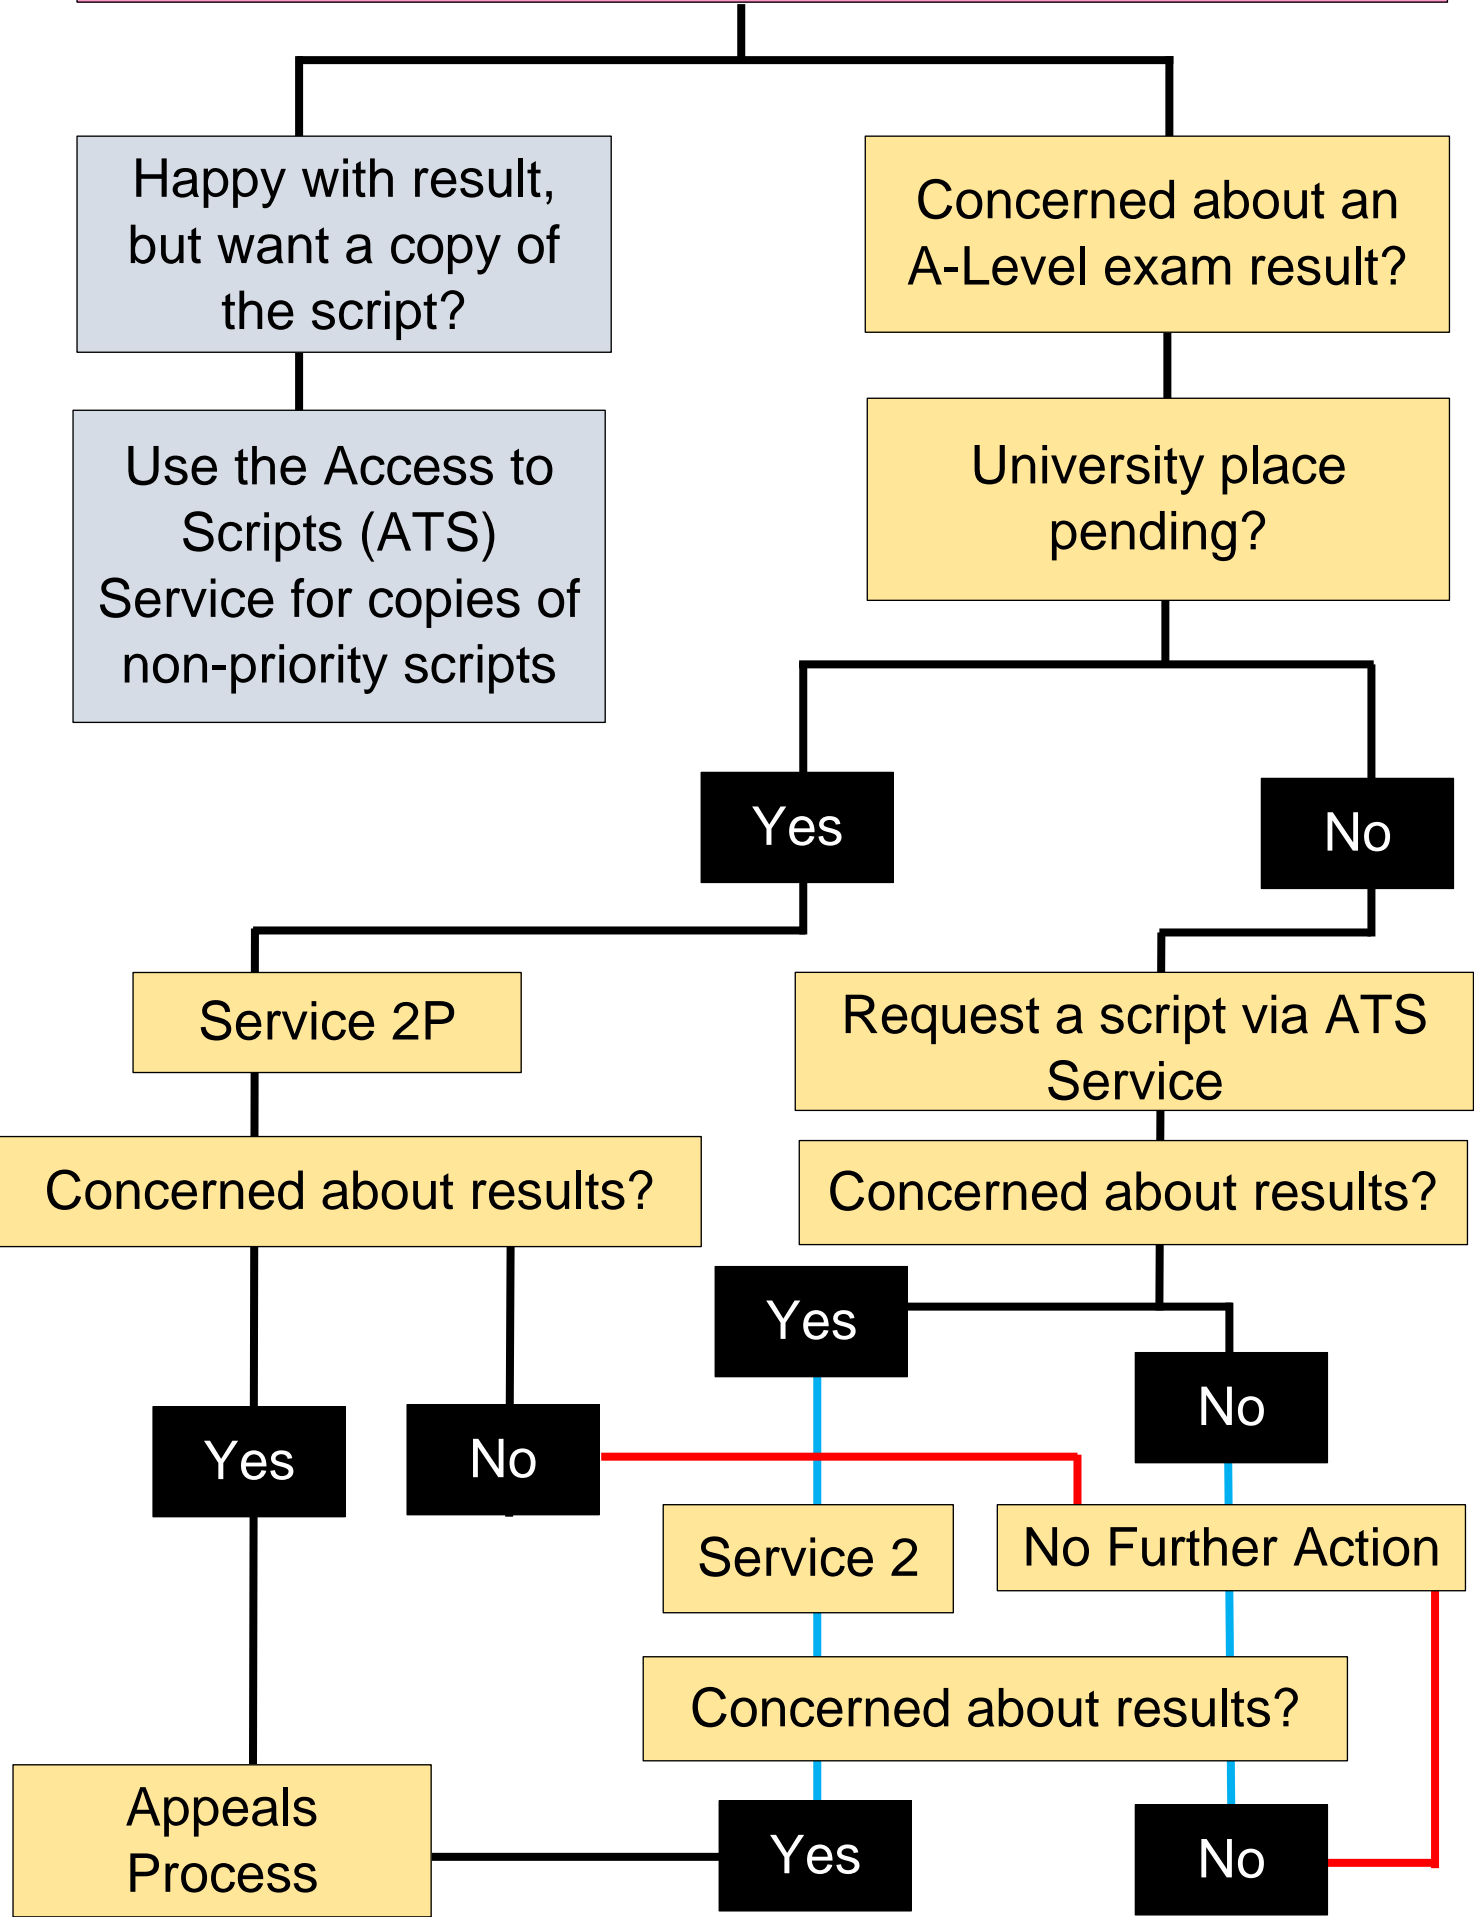

**If you would like to proceed with one of the services available to you, please collect a form from the Exams Office.** All fees will be listed on the form. A charge will be made for all post results services carried out which must accompany your application form - this can be done via a bank transfer. If there is a grade change then you will have the fee refunded to you.

#### Access to Scripts

You are also able to request copies of your scripts through the Access to Scripts service. If you are thinking of having a review of marking it is possible to request priority access to an electronic script beforehand.

The scripts will be sent to the school by the beginning of September which is two weeks before the review of marking deadline.
