

Online payments to school with ParentPay!

In September 2012 we introduced a more convenient way to pay for school meals using a secure service called ParentPay.

The schools meal service will be working towards no longer accepting cash and cheque payments. Parents who need to continue making payments by cash or cheque may do so for now, please see below for information.

Making secure payments online using your credit or debit card

ParentPay offers you the freedom to make payments whenever and wherever you like, 24 hours a day, 7 days a week - safe in the knowledge that the technology used is of the highest internet security available.

You have a secure online account, activated using a unique username and password; you will be prompted to change these, and to keep them safe and secure. If you have more than one child at our school or children at another ParentPay school, you can create one single account login for all your children regardless of which school they attend.

Making a payment is straightforward and ParentPay holds a payment history for you to view at a later date; no card details are stored in any part of the system. Once you've activated your account you can make online payments straight away.

For further information on ParentPay please see the FAQs or visit www.parentpay.com.

How do I get started?

We will send you an activation letter containing your activation username and password to enable you to setup your ParentPay account. During the activation process you will be guided through changing your username and password to something more memorable; if you have more than one child at a ParentPay school/s you can also add children to a single account providing one login for all children at ParentPay schools.
